BHA305/00

Easy hairstyling with ionic care

with Keratin ceramic brushes

Dry & style at once - the Philips Air Styler 3000 allows you to create beautiful natural styles, whilst providing extra care and shine. The 3 attachments are suitable for both long and short hair, so you can enjoy easy styling.

Beautifully styled hair

- 800W styling power for beautiful results
- Three flexible heat and speed settings for easy control
- 38 mm ThermoBrush for smooth styles and waves
- 30 mm retractable bristle brush for defined waves
- Narrow concentrator for focused airflow

Easy to use

- Cool air setting for gentle drying

Care and protect

- Care setting for better protection while drying and styling
- More Care with ion conditioning for shiny, frizz-free hair
- Protective ceramic coating with Keratin infusion

Highlights

800W

The Air Styler with 800W airflow for a gentle drying and styling. Achieve beautiful results every day.

Keratin ceramic coating

The bristles with keratin-infused ceramic coating glide smoothly through your hair for naturally straight and shiny look.

Ionic Care

Ionic conditioning enables anti-static drying. Charged negative ions eliminate static hair, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.

38 mm ThermoBrush

The ThermoBrush has an extra wide diameter of 38 mm. The width of the barrel makes it the perfect styling tool for creating smooth styles and waves.

Retractable bristle brush

The 30 mm brush with retractable bristles is designed for the easy styling. Turn the tip of the brush and slide it out for defined waves.

Narrow concentrator

Use the narrow concentrator for the focused airflow for precise styling or touch-ups.

Three flexible settings

The speed and heat required can be easily adjusted to create the perfect result. Three flexible settings ensure precise and tailored styling.

Cool air setting

The Cool air setting uses low heat to gently dry your hair. It works especially well with fine, dry or damaged hair.

Care setting

The 'Care' setting ensures the optimum drying temperature and guards against overheating. Hair still dries fast, with the same powerful airflow but at a constant, caring temperature.

Specifications

Caring technologies

Ion technology
Keratin infused coating
Caring temperature setting

Ease of use
