Excellent closeness, smooth skin feel with SkinIQ Technology

The Philips Series 8000 delivers a smooth skin feel, while cutting each hair close - even on 5-day beards. Equipped with advanced SkinIQ technology, the shaver senses, adapts and guides on the correct motion, for better skin protection.

A close shave

- Engineered for precision and cutting efficiency
- Adjusts to your facial contour for optimal skin contact
- Advanced precision for a closer shave*

SkinIQ technology

- Smooth gliding for better skin protection
- Adjusts to your beard for effortless shaving
- Enhanced shaving experience with app
- Guides you to an improved technique with fewer passes

For a convenient shave

- Deep cleaning in just 1 minute for hygienic shaving
- Up to 60 minutes of cordless shaving when fully charged
- 1-hour charging time and 5-min quick charge
- Shave wet, dry and even under the shower

Sustainability

Highlights

Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 200.000 micro-sphered coat every square centimeter. Minimize irritation by reducing 25% of friction on skin.**

Dual SteelPrecision blades

With up to 150.000 cutting actions per minute, the Dual SteelPrecision blades shave close. The 72 high-performance blades are self-sharpening and made in Europe.

Motion Control sensor

Motion-sensing technology tracks how you shave and guides you to a more efficient technique. After just three shaves, the majority of men achieved a better shaving technique for fewer passes****.

Personalization via app

Perfect your shave by pairing your shaver with the Philips GroomTribe app. Shave by shave, track the progress of your skin, personalize your shave and master your technique for a shave that's as close as it is kind to skin.

Power Adapt sensor

The intelligent facial-hair sensor reads hair density 250 times per second. The technology dynamically auto-adapts cutting power for an effortless and gentle shave.

360-D Flexing heads

Fully flexible heads turn 360° to follow your facial contours. Experience optimal skin contact for a thorough and comfortable shave.

Hair-Guide Precision heads

The new shape of the shaving heads is engineered for precision. The surface is enhanced with hair guiding channels, designed to move hair into an effective cutting position.

Cable-free Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10x more effective than cleaning with water**. It is the world's smallest cleaning pod, so you can store it easily and use it anywhere.

Wet & Dry

Adapt your shaving routine to your needs. With Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

Specifications

Shaving Performance
